MEMORANDUM FOR: Deputy Director for Administration

FROM: Carroll L. Hauver
Inspector General

SUBJECT: Review of the CONTRA Program

1. As you are aware, the ADCI has requested a complete review of the CONTRA Program since the first Boland Amendment went into effect in 1982. We plan to concentrate on the period between October 1984 and October 1986 when the most severest restrictions were in effect. Our objectives are twofold: to ensure that the Agency has complied with the various Congressional restrictions and guidelines relating to the CONTRAS; and to ensure that all Agency employees have complied with Agency regulations and policy in their relations with the CONTRAS and "private benefactors." The review will begin immediately.

2. In your Directorate, the review team will be examining logistical and communications support to the CONTRA Program. Specific attention will be paid to covert arms purchases, shipments and distribution which were in support of the program, or which somehow could have been diverted to the CONTRAS or private benefactors. The team anticipates interviewing some of your personnel who have been associated with the program, both at Headquarters and in the field, and reviewing associated files and records.

3. My review team is composed of six officers: [redacted]
